

Credit Guardian[®]

A brand new approach to managing risk in your business

An alternative to individual company searches that's not expensive, nor time consuming. Offering access to information about your customers and UK companies that's up to date, accurate, in an easy-to-read format and at your fingertips, when you need it most.

Award-winning Credit Guardian, created by Draycir and powered by Experian, gives small and mid-sized businesses affordable, year round access to business intelligence. Credit Guardian helps you make better and more informed choices about managing risk in your business.

The Customer Dashboard merges information from your accounting system with data from Experian giving you a unique insight into the trading status of your customers and suppliers.

Powered by

The power of Credit Guardian is its ability to merge your accounting information with critical external data about your customers' businesses. You get a rounded and more informed view of your business, giving you early warning about growth opportunities and revealing causes for concern.

By informing you when your customers' circumstances change, Credit Guardian makes it easy to keep your eye on your customers' trading activity. By extending lines of credit to help them grow, you can increase your sales and you can react promptly when your customers' circumstances change. You'll know when accounts are filed, county court judgements are served and much more besides.

One of the most important questions is often "Am I getting paid as quickly as I could be?" Credit Guardian shows you how long each company you deal with takes to pay you and how quickly they pay other suppliers.

- > **Help protect yourself from bad debts**
- > **Peace of mind with data from a global leader, Experian**
- > **Benchmark how quickly you are being paid**
- > **Credit risk and company information that's so much more than a snapshot**
- > **Merge Experian's data with your accounting information**
- > **Easy-to-understand graphs and charts**
- > **For use by everyone - sales - purchasing - accounts - management**
- > **Designed for non-credit professionals**
- > **On your desktop 24/7, 365 days a year**
